

Marshall Prime Contractors Supplier Council

Brad Bruce

Chair, The Boeing Company

September 2017

MPCSC Mission & Vision

- Mission - Strengthen supplier diversity across all NASA prime contracts to maximize subcontracting opportunities. Share lessons learned, best practices and supplier resources among all council members through regularly scheduled meetings and participation at networking events.
- Vision – Create an environment that promotes best practices among MSFC prime contractors, ultimately strengthening the industrial base, promoting diversity and enhancing aerospace research and development.

Marshall Prime Contractors Supplier Council 2017 Highlights
