Deep Dive on Select Product Service Lines (PSLs)

Information presented in charts is subject to change. Contracts listed may not be all-inclusive.

Please refer to [Acquisition Forecast](#) for current information.

Communication Services

PPM: Andre Sheppard
ERM: Johnny Stephenson
Procurement Officer: Laura Rochester (KSC)
CO: Tim Broadous (Presenter)

❖ Core Requirements:

- Strategic Communications, Planning, and Integration
- Engagement – Stakeholder Relations and Public Engagement
- Media Relations
- History and Archives
- Freedom of Information Act (FOIA) Responses

Excludes OCOMM related requirements that will be under the Enterprise Multimedia and Integrated Technical Services (eMITS) acquisition (e.g., digital media, video, broadcasting)

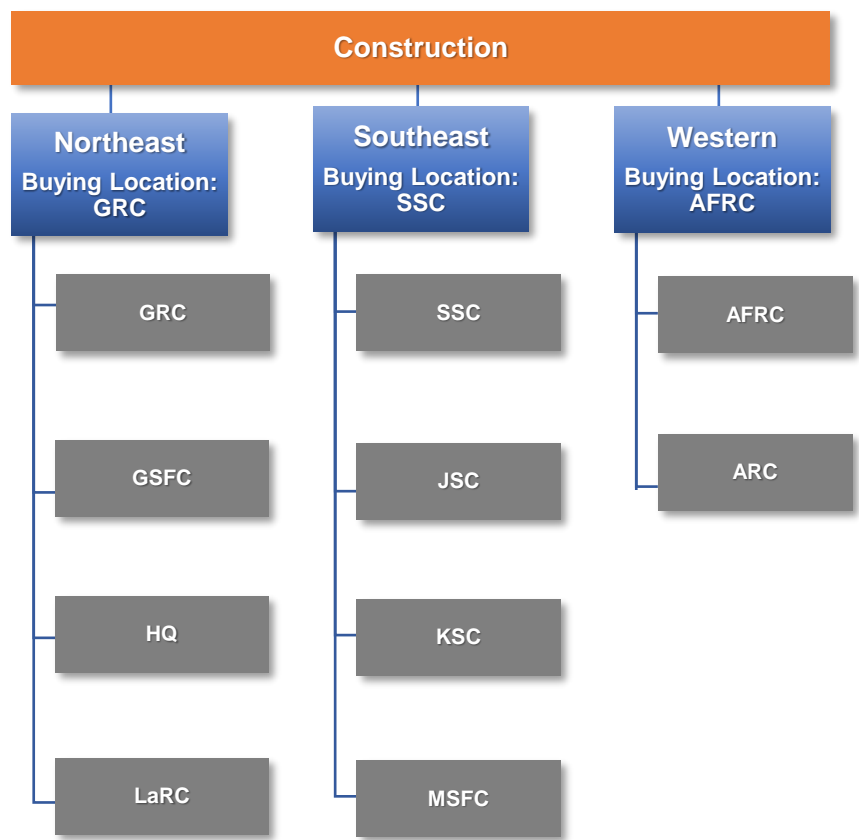

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.

❖ **Current/Long Term Strategy:** The NASA Communication Services (NCS) contract will be a hybrid Firm Fixed-Price (FFP) enterprise solution that includes an Indefinite-Delivery/Indefinite Quantity (IDIQ) ordering mechanism providing for issuance of FFP, FFP Level of Effort (LOE) and Time and Material (T&M) task orders for services.

NCS Upcoming Actions:

- ❖ **Draft RFP Released:** February 2022
- ❖ **Final RFP Release Date:** April 2022
- ❖ **Projected Contract Award:** December 2022
- ❖ **Projected Contract Start:** March 2023

Construction

PPM: Dan Walt

ERM: Dan Hull

Procurement Officers: Kurt Straub (GRC), Gerald Norris (SSC), and Jim Eastman (AFRC)

SSC CO: Cheryl Timko (Presenter)

- ❖ **Core Requirements:** General construction, alteration, modification, maintenance and repair, demolition, design-build, Leadership in Energy and Environmental Design (LEED), Building Information Modelling (BIM), and new construction of buildings, facilities, and real property.
- ❖ **Historical Acquisition Strategy:** Procured in the past through various NASA and other Agency orders, definitive contracts, or Indefinite Delivery/Indefinite Quantity (IDIQ) contracts for construction projects. Very large construction projects were procured using stand-alone contracts.
- ❖ **Current/Long Term Strategy:**
 - GRC, SSC and AFRC are the buying locations for the regionalized Multiple Award Construction Award Contracts (MACCs) for construction over \$1 million and repairs totaling more than \$10 million.
 - Individual Center Offices of Procurement are the buying location for these services totaling below the above dollar figures, as well as orders against the regionalized MACCs.

Upcoming Actions:

- ❖ **GRC** – Northeast Regional Multiple Award Construction Contract (MACC) expires July 2024; Start recompetete January 2023
- ❖ **SSC** – Southeast Regional MACC awarded November 2017; Expires October 2025
- ❖ **AFRC** – Western Regional MACC awarded April 2019; Expires March 2024

Engineering Services

- ❖ **Core Requirements:** Technical discipline support for design/development, testing, operations, and research, science and technology development, in addition to the development, operations and modifications of engineering-related facilities.
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.
- ❖ **Current Strategy:** Execute Local engineering contracts with the goal of reducing the duplication of these services embedded in other contracts/task orders across the center.
- ❖ **Long Term Strategy:** Ongoing assessment to determine if an Enterprise Engineering Services contract is feasible for services common to multiple locations.

Current Status and Upcoming Actions:

- ❖ **ARC** - Aerospace Testing and Facilities Operations and Maintenance (ATOM V) projected award April 2022
- ❖ **ARC** - Technical Services for Aerospace Systems Modeling and Simulation (SimLabs IV) currently in the Requirement Development phase
- ❖ **GRC** - Space Flights Systems Development & Operations Contract (SPACEDOC III) currently in the Requirement Development phase with draft RFP release date planned for November 2022
- ❖ **GSFC** - Electrical Systems Engineering Services (ESES IV) currently in the Requirement Development phase with a planned draft RFP release date for May 2022
- ❖ **JSC** - JSC Engineering Technology and Science (JETS) projected award 1st quarter FY2023
- ❖ **LaRC** - Research, Science & Engineering Services (RSES) currently in the Requirement Development phase with a planned release date for the draft RFP April 2022
- ❖ **MSFC** - Configuration Management & Data Management Contract (CMDM) projected award June 2022

Engineering Services

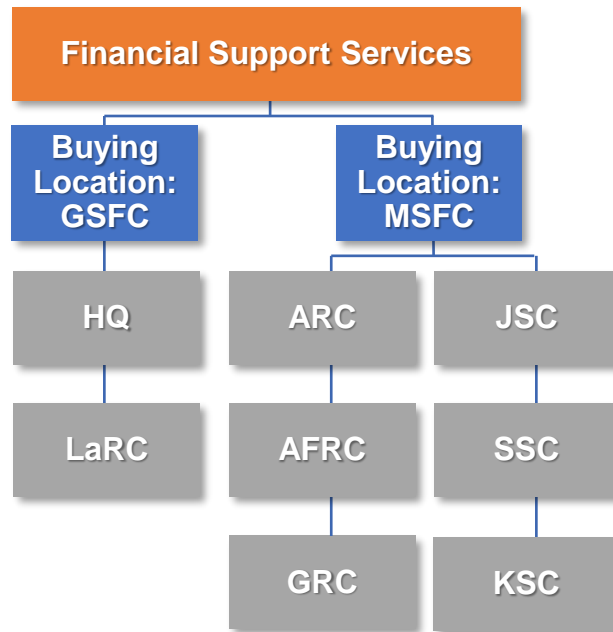

Buying Locations:
All Centers

PPM: Teresa Anthony (Presenter)

ERM: Steven Hirshon

Procurement Officers: [Listing of Procurement Officers](#)

Financial Support Services

PPM: Sonya Harmon (Presenter)
ERM: Steve Shinn
Procurement Officers: Michael McGrath (GSFC) and Todd Pospisil, Acting (MSFC)

- ❖ **Core Requirements:** Budget formulation and execution and Accounting Services requirements including general accounting, NASA accounting system operations support, system upgrades, monthly invoices, vendor inquiries, travel, timecards, payroll system, reimbursable work packages, dunning notices and monthly bills, records archiving and retrieval, performance summary reports, and special projects
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers and HQ
- ❖ **Current Strategy:** Current contracts may be extended to transition to new regionalized contract (NFSS) when it becomes available
 - ARC's Financial Support Services (FSS), supports AFRC, expires July 2022
 - GRC's Financial Analysis and Business Support Services (FABSS) II expires September 2022
 - JSC's Business Management Services (BMS), supports MSFC, & SSC, expires September 2022
 - KSC's Kennedy Institutional Support Services (KISS) IV expires August 2022
- ❖ **Long Term Strategy:** Services will be procured on a regional basis

Current Status and Upcoming Actions:

- ❖ **GSFC** – Program Analysis and Control (PAAC V) contract awarded November 2019
- ❖ **MSFC** – NASA Financial Support Services (NFSS) projected award 4th quarter FY2022

Human Capital Services

PPM: Dawn Fountain
ERM: Tiffany Schuffert
Procurement Officer: Eli Ouder (NSSC)
CO: Bruce McDonald (Presenter)

❖ Core Requirements:

- Organization and Leadership Development/Training
- Workforce Strategy and Planning
- Benefits Management
- Human Resources Support
- Professional Counseling/Coaching

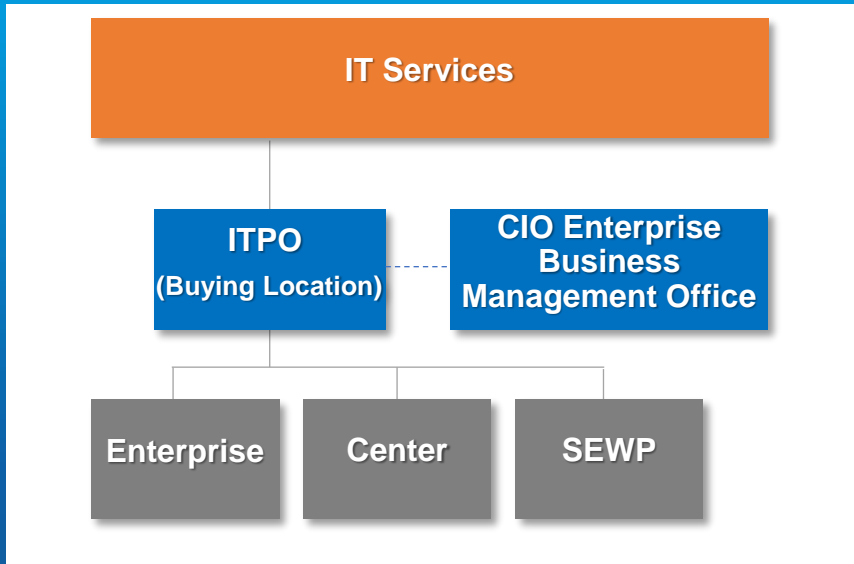

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers

❖ **Current/Long Term Strategy:** Current awards will transition to new enterprise contract when it becomes available. The NASA Enterprise-Wide Human Capital Support Services (NEHCSS) will be a Firm Fixed-Price (FFP) Multiple-award IDIQ enterprise contract with a FFP Level of Effort (LOE)

NEHCSS Upcoming Actions:

- ❖ **Draft RFP released:** November 2021
- ❖ **Final RFP released:** January 2022
- ❖ **Projected Contract Award:** February 2023
- ❖ **Projected Contract Start:** March 2023

IT Services

PPM: Andre Sheppard
ERM: Jeff Seaton
Procurement Officer: Sarah Pollock
Enterprise Division Manager: James Bailey (Presenter)

❖ Core Requirements:

- End-user Services (Laptops, Desktops, etc.)
- IT Management Services
- Audio-Visual Services
- Cybersecurity
- Application Services
- Agency-wide Secure Telecommunications, to include Voice Over Internet Protocol (VoIP) Phones, Wide Area Network (WAN), and Local Area Network (LAN) Services

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.

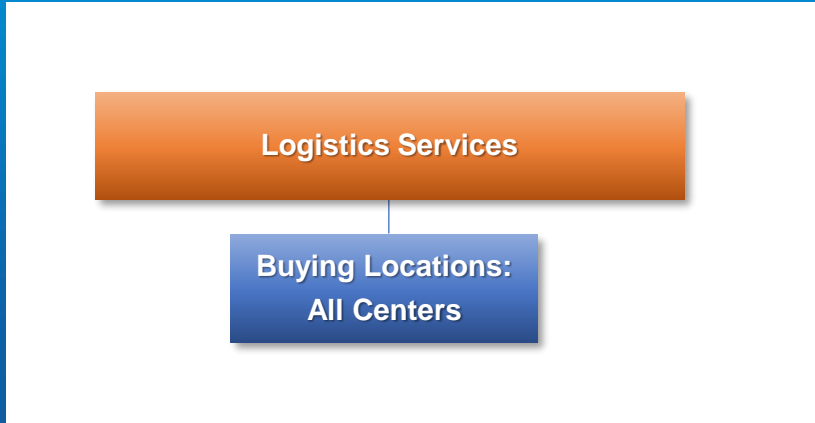

❖ Current/Long Term Strategy:

- Current Enterprise Contracts: NASA Enterprise Services & Technologies (NEST); Enterprise Application Service Technologies 2 (EAST2); Advanced Enterprise Global Information Technology Solutions (AEGIS),
- Upcoming Enterprise Contracts: Cybersecurity and Privacy Enterprise Solutions and Services (CyPrESS), Enterprise Multimedia and Integrated Technical Services (eMITS), and NASA Consolidated Applications and Platform Services (NCAPS)

Upcoming Actions:

- ❖ **CyPrESS** - Projected Contract Award 4th quarter FY2022
- ❖ **eMITS** - Industry Day March 2022; Projected Contract Award 3rd quarter FY2023
- ❖ **NCAPS** - Industry Day May 2022; Projected Contract Award 4th quarter FY2023

Logistics Services

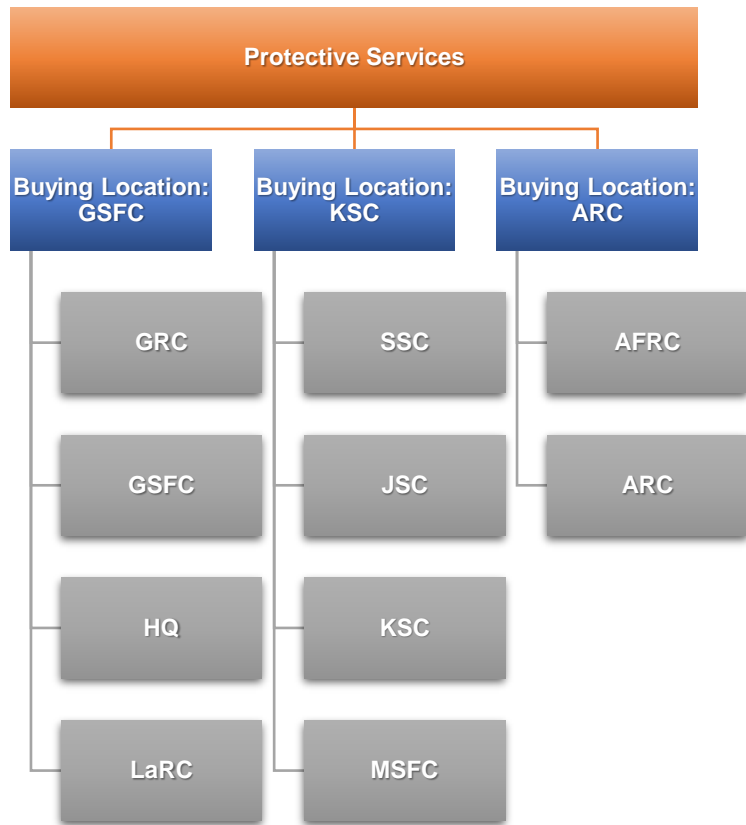

PPM: Teresa Anthony
ERM: Marjorie Jackson
Procurement Officers: [Listing of Procurement Officers](#)
CO: Dana Justice (Presenter)

- ❖ **Core Requirements:**
 - Supply and Materials Management
 - Equipment Management
 - Property Disposal
 - Transportation Management (including shipping and fleet management)
 - Agency Mail Management
 - Program and Project Lifecycle Logistics Support
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.
- ❖ **Current Strategy:** Local logistics follow-on contracts using standardized requirements in coordination with OSI and MSFC OP.
- ❖ **Long Term Strategy:** Utilize lessons learned from the current round of contract awards to determine if a regionalized or centralized buying approach will provide further buying efficiencies and cost savings to the Agency going forward.

- Upcoming Actions:**
- ❖ **AFRC Projected Award:** 3rd quarter of FY2023
 - ❖ **ARC Projected Award:** 4th quarter of FY2023
 - ❖ **GRC Projected Award:** 4th quarter of FY2023
 - ❖ **LaRC Projected Award:** 4th quarter of FY2023

Protective Services

PPM: Dan Walt (Presenter)
ERM: Charles Lombard
Procurement Officers: Michael McGrath (GSFC),
Laura Rochester (KSC), and Kurt Straub (ARC)

❖ Core Requirements:

- Information Security (INFOSEC)
- Communication Security (COMSEC)
- Emergency Management
- Protective Services Communication Center (PSCC)
- Physical Security/Facility Security Assessment
- Security Police and Security Operations
- Identity Credential Access Management (ICAM)
- Personnel Security (PERSEC)
- NASA Protective Services Training and Academy

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers and HQ.

❖ **Current/Long Term Strategy:** Current awards will transition to new regional contracts (NPSC-ER and NPSC-WR) when they become available

NASA Protective Service Contracts (NPSC) Current Status and Upcoming Actions:

- ❖ **KSC** - NPSC-SR (South Region) awarded October 2021, expires September 2026. Start recompetete March 2025
- ❖ **GSFC** - NPSC-ER (Eastern Region) Projected Award 4th quarter FY2022
- ❖ **ARC** - NPSC-WR (Western Region) Projected Award 4th quarter FY2022

Mr. Marvin L. Horne

Director, Procurement Strategic Operations Division

Office of Procurement, NASA

In January 2022, Marvin Horne was appointed as the Director of the Procurement Strategic Operations Division, NASA Office of Procurement. In this position, Mr. Horne leads and manages senior acquisition professionals responsible for providing guidance, support and tools to NASA Centers, geographically dispersed across the United States, Headquarters Mission Directorates and Mission Support Offices in planning, conducting and processing major complex procurement actions, and analyzing and recommending approval of key critical acquisition documents that require approval of senior Headquarters officials.

Since joining NASA in 2008, Marvin has served in multiple key executive leadership positions, including the Director of the Information Technology Procurement Office hosted at NASA Goddard Space Flight Center (GSFC). He was responsible for planning and implementing acquisition strategies, issuing solicitations, conducting negotiations, processing awards, and administering contracts for the Government-Wide Solution for Enterprise-Wide Procurement (SEWP), Agency-wide enterprise contracts, IT support contracts, and other institutional IT contracts. In this role he provided strategic leadership and execution of over 230 active contracts with annual obligations that exceed \$730 Million and manages a workforce of over 150 civil servants and contract employees. Marvin has also served as the NASA's Office of Procurement (OP) and Office of Small Business Program (OSBP) Mission Support Future Architecture Program (MAP) Transformation Project Manager where he oversaw all activities for creating and implementing an enterprise organization, for a workforce of 790 employees and an annual budget of \$100 million and implementing a service delivery model to support the Agency's annual spend which exceeds \$19 billion. Prior to this job, Marvin served as Deputy Procurement Officer for the Stennis Space Center (SSC) where he was responsible for the management and operations of the SSC's Office of Procurement.

Marvin is the recipient of numerous Performance and Group Achievement Awards, including the NASA Administrator's Gears of Government Initiative Award, a Silver Snoopy Award, NASA's Early Career Achievement Medal, and the Air Force Achievement Medal.

Overview of the Remaining Highlighted PSLs

Information presented in charts is subject to change. Contracts listed may not be all-inclusive.

Presented By:

Marvin Horne, Director

Procurement Strategic Operations Division, NASA Headquarters

A&E Services

PPM: Dan Walt

ERM: Dan Hull

Procurement Officers: Jim Eastman (AFRC), Kurt Straub (GRC), and Laura Rochester (KSC)

- ❖ **Core Requirements:** Professional architect/engineer services associated with research, planning, and development; construction of new buildings and specialized facilities (launch pads, test stands, etc.); and alteration or repair of existing facilities.
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.
- ❖ **Current/Long Term Strategy:**
 - AFRC, GRC, and KSC are the buying locations for non-environmental remediation architect-engineer services associated with construction projects over \$1 million, repairs totaling more than \$10 million, and all other non-environmental remediation architect engineering services associated with construction projects.
 - Individual Center Offices of Procurement are the buying location for non-environmental remediation architect-engineer services associated with construction projects \$1 million or less, and repairs totaling less than \$10 million.

Current Status and Upcoming Actions:

- ❖ **AFRC** - West Coast Regional projected award August 2022
- ❖ **GRC** - Northeast Regional expires July 2024; Start recompetete January 2023
- ❖ **KSC** - Southeast Regional A&E (SERAE) awarded September 2021, expires September 2026

Acquisition Support Services

PPM: Andre Sheppard
ERM: Marvin Horne
Procurement Officer: Eli Ouder (NSSC)

❖ Core Requirements:

- Contract/Grant/Cooperative Agreement Closeout
- Requirements Document Development Support
- Administrative Support
- Policy Support Services
- Acquisition Systems and Reporting Services
- Procurement Operation Services
- Source Selection Services
- Cost/Pricing Support Services

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.

❖ **Current/Long Term Strategy:** The Agency-Wide Acquisition Support Services (AWASS) contract expires September 2024.

AWASS Upcoming Actions:

- ❖ **Start recompet:** 2nd quarter of FY2023
- ❖ **Projected Contract Award:** 1st quarter of FY2024

Administrative Services

PPM: Tania Davis
ERM: Lisa Ziehmman
Procurement Officer: Susan McClain (LaRC)

❖ Core Requirements:

- General Office Services (e.g., Telephone Services, Appointment and Schedule Services, Visitor Services, Meeting Services, Teleconferencing Services, and Scheduling Conference Rooms, Mail Services/Information Dissemination, Ordering Supplies, Copying/Faxing/Scanning/Graphics/Photo Services)
- Data Management Services (e.g., Desktop Word Processing, Data/Action/Tracking and Entry)
- Travel Coordination
- Time and Labor Collection
- Property Coordination
- Move Coordination
- Training Coordination
- Information Services Coordination
- Customer Service
- Special Events Coordination
- Reporting Requirements

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers and HQ.

❖ **Short Term Strategy:** Leverage SSC's Dual Administrative Support Services (DASS) which currently supports JSC, White Sands, and KSC.

❖ **Long Term Strategy:** Utilize lessons learned from the current DASS contract to determine if a regionalized or centralized buying approach will provide further buying efficiencies and cost savings to the Agency going forward.

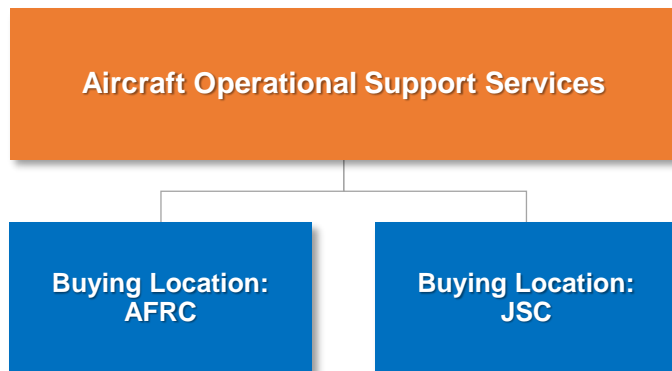

Upcoming Actions:

- ❖ Estimated draft RFP issuance October 2022
- ❖ Estimated RFP issuance November 2022
- ❖ Estimated proposal receipt December 2022
- ❖ Projected Contract Award April 2023

Aircraft Operational Support Services

- ❖ **Core Requirements:** Maintenance, parts, and repair for aircraft (federal aircraft and unmanned aircraft systems as defined in NFS 1847.200-70) and aircraft components; flight aircrew support and flight aircrew training.
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.
- ❖ **Current/Long Term Strategy:** AFRC and JSC are the buying locations for all in-scope requirements for aircraft operational support services that are institutional related services above the simplified acquisition threshold.

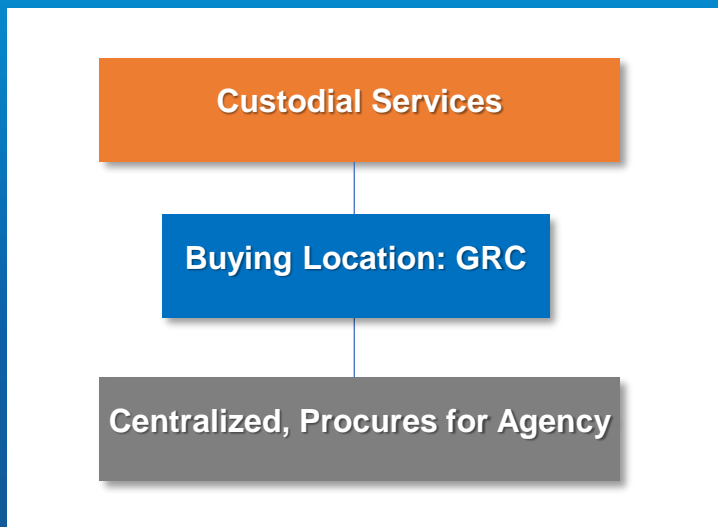

Current Status and Upcoming Actions:

- ❖ **AFRC** - Aircraft Operations Support (AOS) awarded, expires January 2025
- ❖ **AFRC** - Aircraft Flight Crew Support (AFCS) awarded, expires May 2023, recomplete estimated RFP issuance 4th quarter FY2022; projected award 2nd quarter FY2023
- ❖ **JSC** - Aircrew Flight and Maintenance Training Services awarded, expires June 2025
- ❖ **JSC** - Aircraft Maintenance Logistics Integration Configuration and Engineering (ALICE) follow-on Comprehensive Aircraft Readiness, Lifecycle, Engineering, and Support (CHARLES) draft RFP issued March 2022 with projected award 1st quarter FY2023
- ❖ **JSC** - Specialized Engineering, Aeronautics, and Manufacturing (SEAM) II awarded, expires June 2026

PPM: Lakeeta Young-Hill
ERM: Shane Dover
Procurement Officers: Jim Eastman (AFRC) and Jose Garcia (JSC)

Custodial Services

PPM: Lakeeta Young-Hill
ERM: Jeff Haught
Procurement Officer: Kurt Straub (GRC)

- ❖ **Core Requirements:** Janitorial including but not limited to:
 - Custodial/Cleaning (offices, windows, building, restrooms, washroom)
 - Disinfecting Services
 - Trash/Recycling and Removal
 - Deodorizing; Disinfecting
 - Housekeeping Services
 - Restocking Sanitation Materials
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers and HQ.
- ❖ **Current/Long Term Strategy:** Award follow-on contracts/task orders on a firm-fixed-price basis and set-aside requirements for a small businesses categories pursuant to FAR 19.5. To the maximum extent practical, custodial services will be obtained through utilization of existing Government-wide contract vehicles (e.g., General Services Administration (GSA) Federal Supply Schedules, Best-in-Class contracts), the AbilityOne Program and interagency agreements with tenant organizations.

- Upcoming Actions:**
- ❖ **ARC** - Custodial Management Services; RFI release March 2022; projected contract award 2nd quarter of FY2023
 - ❖ **HQ** - Custodial Services projected award date 3rd quarter of FY2023
 - ❖ **GRC** - GRC Waste Removal and Recycling Services projected award date 4th quarter of FY2023
 - ❖ **MSFC** - Custodial and Refuse Collection Services projected award date 4th quarter of FY2023
 - ❖ **KSC** - Custodial Services projected award date 4th quarter of FY2023

Environmental Compliance

Environmental Compliance

Buying Locations: All Centers

PPM: Dan Walt

ERM: Denise Thaller

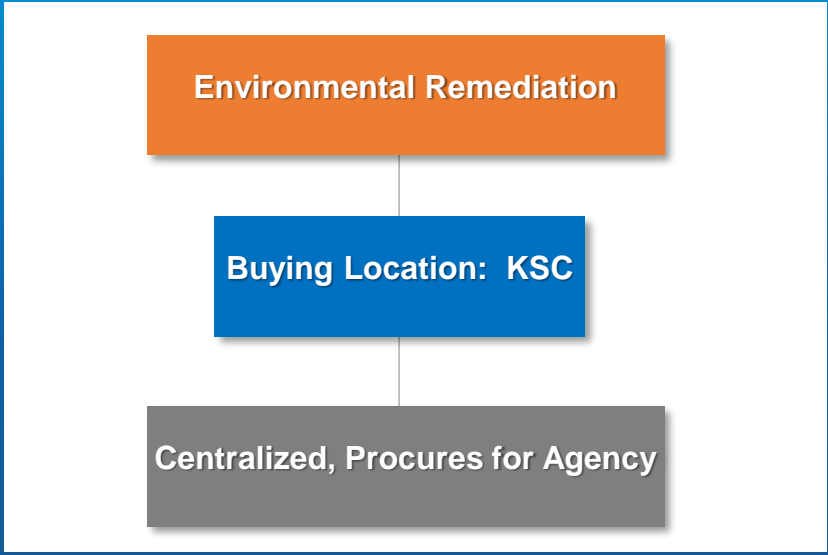

Procurement Officers: [Listing of Procurement Officers](#)

- ❖ **Core Requirement:** Transportation of waste, operations, maintenance, permitting and other regulatory services associated with environmental compliance; and mitigation of an environmental event that is either happening now or anticipated to happen in the future.
- ❖ **Historical Acquisition Strategy:** Procured in the past through various NASA definitive or Indefinite Delivery/Indefinite Quantity (IDIQ) contracts for environmental compliance. These services have also been procured from other agencies via Interagency Acquisition Agreements (IAAs).
- ❖ **Current/Long Term Strategy:** Each center will serve as the buying location for its own requirements for environmental compliance and associated operations and maintenance services. In addition to IAAs, Contracting Officers may satisfy these requirements through the NASA-wide ordering contracts listed below.

Current Status:

- ❖ **KSC** - NASA Environmental and Medical Services (NEMCON) contract expires September 2029
- ❖ **MSFC** - Architect-Engineering Services for Environmental Engineering contract expires September 2024

Environmental Remediation

PPM: Dan Walt
ERM: Denise Thaller
Procurement Officer: Laura Rochester (KSC)

- ❖ **Core Requirements:**
 - Hazardous Waste Treatment and Disposal
 - Sustainability
 - Other Services and Studies
 - Environmental Cleanup
 - Mitigation of an existing environmental event
- ❖ **Historical Acquisition Strategy:** Procured in the past through various NASA definitive or Indefinite Delivery/Indefinite Quantity (IDIQ) contracts for environmental remediation projects. These services have also been procured from other agencies via Interagency Acquisition Agreements (IAAs).
- ❖ **Current/Long Term Strategy:** NASA-wide Environmental Remediation Architect-Engineer Services multiple award IDIQ contracts

- Current Status and Upcoming Actions:**
- ❖ **KSC** – (3) NASA-wide Environmental Remediation Architect-Engineer Services multiple award IDIQ contracts expire January 2024
 - ❖ **KSC** - Environmental Remediation RFP release estimated 4th quarter FY2022

Facilities Operations & Maintenance (O&M)

Facilities O&M

Buying Locations: All Centers

PPM: Tania Davis
ERMs: Erik Weiser; Peter Aitcheson
Procurement Officers: [Listing of Procurement Officers](#)

- ❖ **Core Requirements:** Maintenance; operations; pavement maintenance (roads); service requests; engineering support (for maintenance and small designs); non-Construction of Facilities (CoF) level design/construction (less than \$1M); and repair
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through contracts across centers.
- ❖ **Current Strategy:** Execute Local Facilities O&M contracts, standardize requirements, with the goal of reducing the duplication of these services embedded in other contracts/task orders across the center.
- ❖ **Long Term Strategy:** Utilize lessons learned from the current round of contract awards to determine if an enterprise solution will provide further buying efficiencies and cost savings to the Agency going forward.

Upcoming Actions:

- ❖ **ARC** - Current contract expires 3rd quarter 2023; Start recompetete 2nd quarter FY2022
- ❖ **LaRC** - Current contract expires 1st quarter 2024; Start recompetete 1st quarter FY2023
- ❖ **GRC** - Institutional Maintenance Operations & Repair (IMOR) current contract expires 3rd quarter 2023; Start recompetete 2nd quarter FY2022
- ❖ **GSFC** - Regional contract Regional contract Repair, Operations, Maintenance and Engineering (ROME) draft RFP issued February 2022 - current contract expires 2nd quarter 2023

Fire Services

PPM: Dan Walt
ERM: Charles Lombard
Procurement Officer: Laura Rochester (KSC)

❖ Core Requirements:

- Fire Operations and Firefighting
- Emergency Medical Services-Paramedic (Advanced Life Support (ALS))
- Fire Protection
- Fire Prevention Inspection Program
- Fire Services Training
- Fire Investigations

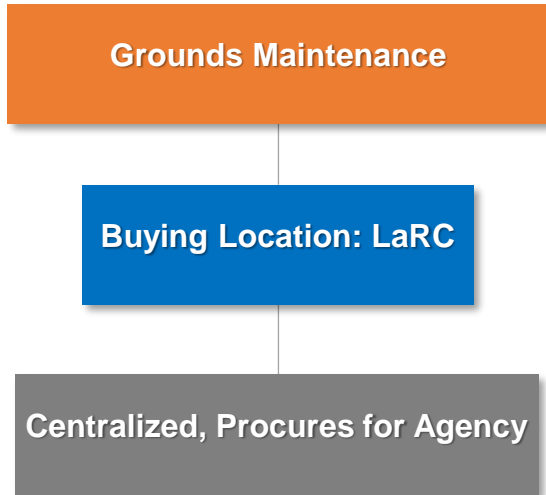

❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across Centers.

❖ **Current/Long Term Strategy:** The NASA Fire Services Contract (NFSC), awarded and administered by KSC, is a single award IDIQ that expires September 2029.

Current Status:

❖ **KSC - NASA Fire Services Contract (NFSC)** recompetes FY2027 or later

Grounds Maintenance

PPM: Lakeeta Young-Hill
ERM: Jeff Haught
Procurement Officer: Susan McClain (LaRC)

❖ Core Requirements:

- Landscaping Services
- Fertilizing Services
- Lawn Care Services (mowing, mulching, seeding, weed control, sodding, fertilizing)
- Plant and Tree Maintenance Services
- Seasonal Property Maintenance Services (i.e., snow plowing, landscaping)

❖ Historical Acquisition Strategy:

- Decentralized; procured through multiple contracts across the centers.

❖ Current/Long Term Strategy:

- Contracts/task orders will be issued, as existing contracts expire, on a firm-fixed-price basis and set-aside for a small business category.

Exceptions:

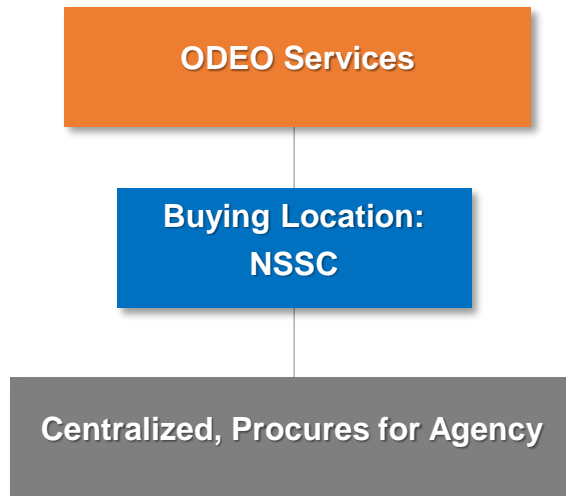

- Local centers may issue interagency agreements with a tenant organization.

Upcoming Actions:

- ❖ **JSC** - Grounds Maintenance & Pest Control Services; RFI forthcoming in GSA eBuy for GSA schedule holders and GSA Building Maintenance Operations (BMO) contract holders; projected award 1st quarter FY2023
- ❖ **KSC** - KSC Grounds and Pest Control; projected award 4th quarter FY2023
- ❖ **LaRC** - Groundskeeping and Pest Control Support Services; projected award 4th quarter FY2023

Office of Diversity and Equal Opportunity (ODEO) Services

❖ Core Requirements:

- EEO/Anti-Harassment/Policy (Informal Compliant Counseling, Formal Complaint Investigations)
- Accessibility (Reasonable Accommodations, Communication Access Realtime Translation (CART) Services, Personal Assistance Service (PAS), etc.)
- Alternative Dispute Resolution Services (Mediation, Facilitation, etc.)
- Sign Language Interpreter (SLI) Services
- Diversity, Equity, Inclusion, and Accessibility (DEIA) Activities (Assessments, Data Analytics, Barrier Analysis, etc.)
- Specialized Training

❖ Historical Acquisition Strategy:

- Decentralized; procured through multiple contracts across the Centers.

❖ Long Term Strategy: Long term strategy in development.

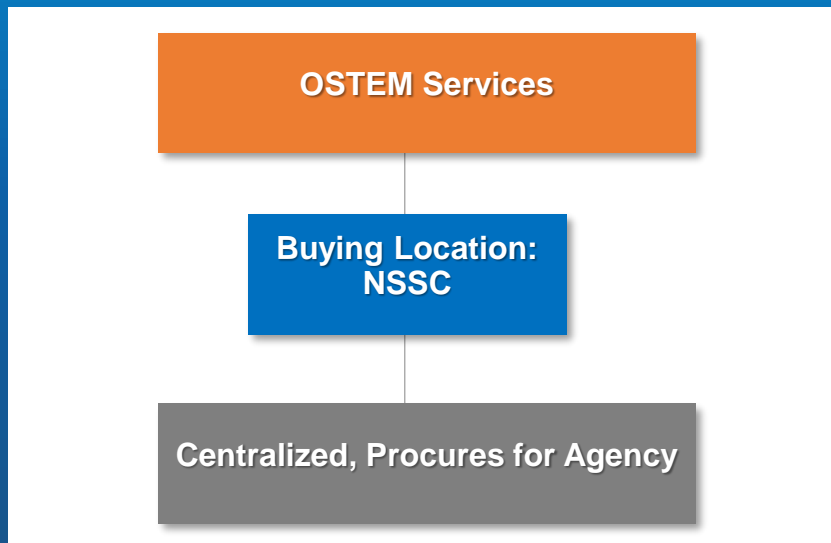

Upcoming Actions:

- ❖ **Sign Language Interpreter (SLI)** - projected contract start July 2022

PPM: Dawn Fountain
ERM: Omega Jones
Procurement Officer: Eli Ouder (NSSC)

Office of Science, Technology, Engineering and Mathematics (OSTEM) Services

PPM: Teresa Anthony
 ERM: Dean Kern
 Procurement Officer: Eli Ouder (NSSC)

- ❖ **Core Requirements:** K-12 Internships/Fellowships and Engagement, Awards and Grants Support, Engagement Recruitment, Content and Products, Performance Assessment and Evaluation Services, Workforce and Career Learning Experiences, Collegiate Challenges/Competitions and Engagement, Institutional Support for Research and Development, K-16 Educator Professional Development (EPD), and Additional Internships and Fellowship Support.
- ❖ **Historical Acquisition Strategy:** Decentralized at the various NASA Centers through Contracts and Cooperative Agreements.
- ❖ **Current Procurement Contracts/Cooperative Agreements:** Current awards will transition to new enterprise contract (NSTEM) when it becomes available
 - GRC – Education Support Services III (ESS3)
 - LaRC – STEM Engagement and Educator Professional Development Collaborative (EPDC) – Texas State University
 - JSC – Internships – Universities Space Research Association (USRA)
 - JSC – NASA STEM Pathway Activities Consortium for Education (NSPACE) – Oklahoma State University
- ❖ **Long Term Strategy:** The NASA Science, Technology, Engineering and Mathematics (NSTEM) Contract will be the enterprise solution.

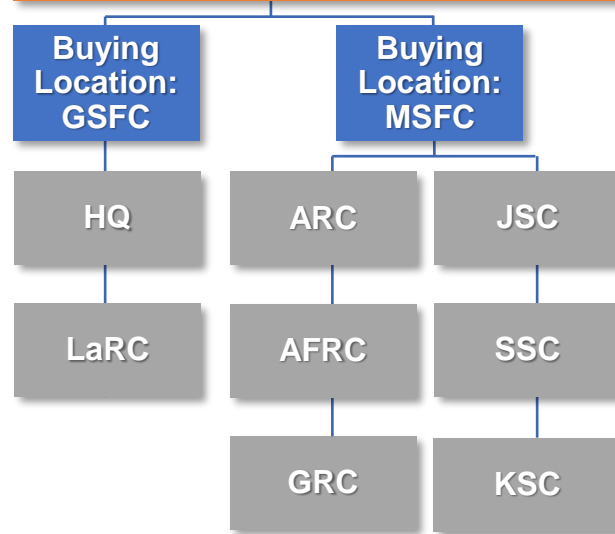

NSTEM Current Status:

- ❖ **Proposals Received:** February 2022
- ❖ **Projected Contract Award:** October 2022

Project Planning & Control (PP&C) Services

Project Planning & Control Services

PPM: Sonya Harmon
ERM: J. Craig McArthur
Procurement Officers: Michael McGrath (GSFC) and Todd Pospisil, Acting (MSFC)

- ❖ **Core Requirements:**
 - Cost Estimating
 - Cost Assessment
 - Scheduling
 - Earned Value Management
- ❖ **Historical Acquisition Strategy:** Decentralized; procured through multiple contracts across the Centers.
- ❖ **Current Strategy:** As current contracts/task orders expire they will transition into the enterprise solution.
- ❖ **Long Term Strategy:** The GSFC and MSFC regional contracts will serve as the Agency's enterprise solution.

Current Status:

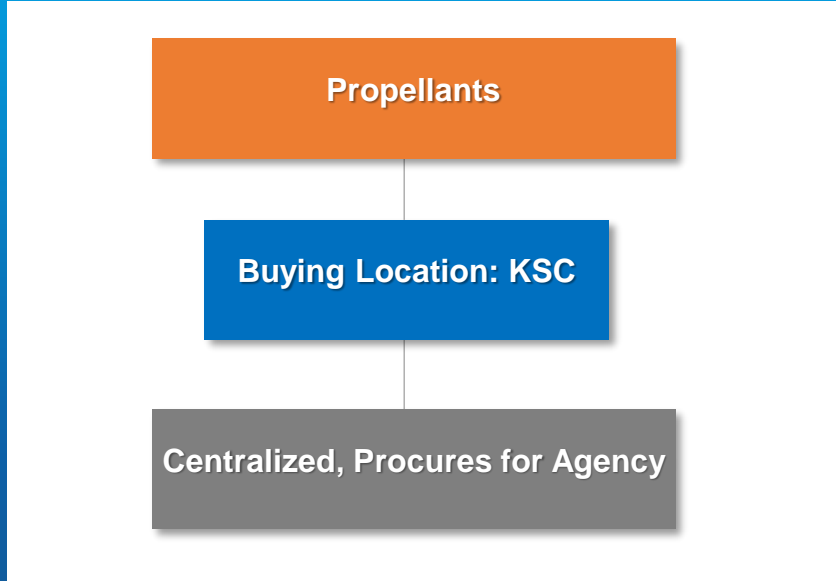

- ❖ **GSFC** – Program Analysis and Control (PAAC V) Contract awarded November 2019
- ❖ **MSFC** – Consolidated Program Support Services (CPSS) Contract awarded May 2021

The cornerstone of NASA's current and future missions

Please refer to [Acquisition Forecast](#) for current information.

Propellants

PPM: Jamiel Charlton
ERM: Eric Dirschka
Procurement Officer: Laura Rochester (KSC)

- ❖ **Core Requirements:** Cryogenic fluids and high-pressure gases (helium, hydrogen, nitrogen, oxygen, liquefied natural gas, and aerospace fluids) for support of operations at all Centers and many extension facilities.
- ❖ **Historical Acquisition Strategy:** KSC core technical experts with the contracting officer have been servicing the acquisition of propellants used across the Agency since 2002.
- ❖ **Current/Long Term Strategy:** The KSC Aerospace Fluids Acquisition and Management Office supports all NASA Centers with consolidated contracts. Specialty gases, gas or liquid mixtures, non-bulk requirements (small quantities), one-time purchases, and fluids that are not common to multiple Centers are not required to be purchased through the consolidated aerospace fluids acquisition and management support (enterprise) contracts.

Current Status and Upcoming Actions:

- ❖ **NASA Agency-Wide Supply of Gaseous and Liquid Helium** expires November 2022, recomplete underway, sources sought closed January 2022
- ❖ **Agencywide Supply of Liquid Hydrogen** expires November 2022, recomplete underway, sources sought closed February 2022
- ❖ **NASA-Wide Acquisition for Nitrogen and Oxygen (NANO) III** expires June 2024
- ❖ **NASA Agency-Wide Acquisition for the Supply of Liquefied Natural Gas** expires September 2025
