

NASA/MARSHALL SPACE FLIGHT CENTER

JOINT COUNSELING SESSION

16 May 2022

**International Information and
Infrastructure Protection Group
(I3PG)**

Background

COMPANY NAME:	International Information and Infrastructure Protection Group (I3PG)	ADDRESS:	19 Baltimore Street, Suite 103, Gettysburg, PA, 17325
OWNER:	Steve O'Brien	CONTACT NAME:	Steve O'Brien (FL) Jose Christian (TX) Jim Kulick (PA)
EMAIL:	steveo@i3pg.net	YEARS IN BUSINESS:	18
CAGE CODE:	1WVY3	DUNS NUMBER:	100678197
WEB SITE:	https://i3pg.net/	NAICS CODES:	541330*, 541511, 541512, 541513, 541519, 541611, 541618, 541690, 541990.

CERTIFICATIONS (e.g., ISO 9001, AS 9100, etc.): CISA, CISM, CISSP, CEH, TOGAF, PE. Our staff has completed certification or taken coursework towards DAWIA and/or FAC Level III certifications on PM, Engineering (formerly Systems Engineering), Test and Evaluation, Cost Estimation, and Contract Officer Representative.

Business Size & Classifications

EMPLOYEES (range):	(10-50)
AVERAGE SALES (range):*	(\$8-16.5M)

*Based around NAICS 541XXX

Primary Capabilities

- **Engineering Support**

- Program Management
- Systems Engineering
- T&E
- Cost Estimating

- **Technical Backgrounds**

- Rad/nuc detection
- Weapons systems
- Aerospace
- I/T

- **Vulnerabilities and Threat Assessments**

- Modeling & simulation
- Information Assurance & Security
- Operations assessments
- Facilities assessments
- Aviation Security

- **On GSA “Multiple Award Schedule” # 47QRAA20D004B:**
 - 541330 ENG Engineering Services,
 - 541380 Testing Lab Services,
 - 541420 Engineering Systems Design and Integration,
 - 541715 Engineering R&D and Strategic Planning, and
 - OLM (Order- Level Materials).

Current and Recent Contracts/Performance (< 5 years)

- Our staff provides technical consulting services to the US Government as a subcontractor – having teamed with large prime contractors such as TASC / Northrop Grumman / Engility / SAIC and ANSER.
- Commercial Satellite Communications (SATCOM) Vulnerability Assessments
 - Technical research, review, and analysis.
- DHS, Countering Weapons of Mass Destruction Office (formerly Domestic Nuclear Detection Office, DNDO).
 - Support to full acquisition life-cycle of Radiological and Nuclear (Rad/Nuc) and Chem / Bio equipment (i.e.: analysis, development, test & evaluation, deployment, and assessment).
 - IT Security Compliance, Analysis, and Cyber Resiliency.
- Defense Threat Reduction Agency (DTRA) Balanced Survivability Assessments.
 - Perform mission survivability assessments covering the entire threat spectrum from terrorist attacks, nation states, natural disasters, electric power grid, and other scenarios.

NASA Value - Quad Chart

Problem(s):

- I3PG could serve as either program integrator or as a subcontractor on aerospace development programs, O&M programs, and/or infrastructure (I/T). Specific to NASA/MSFC:

- LETS
- MAVIS II
- SRACES
- ESSCA
- MOSSI II
- SMA Services
- COBA
- CPS/CDM
- NFSS

- Specialized Real-Time Data Analysis and System Development for Advanced Propulsion Systems II

Value:

- We are a “technical” HUBZone, staffed with professional engineers and computer scientists.
- Both corporate and staffers with vast experience in defense and civilian aerospace programs:
 - Familiar with DOD, DHS, DOE, and NASA acquisition life-cycles (e.g. : NASA’s NPR 7120)
 - Understanding of USG requirements on contracting
 - Understating on USG budgetary pressures and constraints

Company Solution:

- Strong record of teaming with Primes such as TASC, Northrop Grumman, Engility, SAIC and ANSER
 - Resulting in positive outcomes reflected in CPAR’s, ensuring Agency’s mission success.
 - Strong Customer Relationship Management (CRM) system; early and continuous engagement,
 - providing flexible agile attention to customer requests and requirements
- Specific to the Program:
 - Development of programmatic artifacts and documentation to guide program through successful reviews.
 - Help program developing and implementing requirements
 - Experience developing T&E schemes
 - Vast experience also on conducting technical, risk, and cost assessment

Status of Solution

- GSA MAS # 47QRAA20D004B, with pre-negotiated rates that accelerates on-boarding in your program (direct to USG or Prime)
- Personnel ready to deploy virtually
- Access to standby qualified individual that could be available for on-site.

Awards/Notable Accomplishments

- CPARS reflect proven experience and timely quality services.
- Less than 6% personnel turn-over which results in a seasoned, ready knowledge base, lower technical costs and schedule risks.
- TS cleared facilities clearance.
- Security cleared and “Suitability” cleared Engineer and Technical personnel.
- FEDRAMP Networked offices.
- Stand-alone cyber lab / test range.
- Eight former Federal employees and six veterans complement I3PG skill set to better serve our Federal and Defense community. In-depth knowledge federal acquisition life-cycle.

Principle Point(s) of Contact

NAME	TITLE	PHONE	EMAIL
Steve O'Brien	President	717.891.6720	steveo@i3pg.net
Jose Christian	Houston TX Manager	832.524.0077	jlchristian@i3pg.net
Jim Kulick	Gettysburg PA Manager	571.366.0081	jkulick@i3pg.net

- I3PG, LLC has been in operation since 2004.
- We have a Top Secret security cleared HQ Facility (Cyber Test Range & Lab) in Gettysburg, PA; with new offices in TX and FL to better assist our clients.
