THINGS TO CONSIDER WHEN SUBMITTING A MPA PACKET

- In the Cost Proposal Attachment:
 - Clearly identify the Technical cost/hours from Business Development's cost/hours.
 - Each task must be associated with a WBS number.
 - Keep indirect cost/hours separate from direct costs.
 - Include labor rates.
 - Do a final check on the math after adjustments made to cost proposal.
 - Make sure the Cost of the Agreement table under section A2 of the Mentor-Protégé Agreement aligns with the Cost Proposal.
- Make sure developmental assistance split of 70/30 is correct both in direct labor hours and direct labor dollars:
 - Developmental assistance for businesses should reflect 70 percent technical/30 percent business.
 - Developmental assistance for HBCUs/MSIs should reflect 70 percent business/30 percent technical.
 - Any deviation from the 70/30 split must be supported with a justification and must be approved by NASA MPP Manager.

THINGS TO CONSIDER WHEN SUBMITTING A MPA PACKET, (CONT.)

- Indirect Costs associated with annual reports, semi-annual reviews, etc. are not part of Direct Labor hours or costs.
- Make sure ODCs do not exceed 10 percent of the proposed direct labor cost.
- Make sure Mentor is the primary entity responsible for the mentoring...no more than 20 to 25 percent should be provided (10 to 15 percent on an average) by other entities such as PTACs, SBDCs, etc.
- Anytime changes are made to cost proposals, Mentor & Protégé will need to re-sign and re-date the Mentor-Protégé Agreement.
