

The background of the slide is a deep space scene. It features a dark blue and black sky filled with numerous stars of varying brightness. A prominent feature is a bright, multi-colored nebula or galaxy structure in the upper left quadrant. On the right side, a large, reddish-brown planet, likely Mars, is partially visible, showing its textured surface and some atmospheric haze. The overall lighting is dim, with the primary light sources being the stars and the distant galaxy.

Quality Systems

- AS9100D w/ ISO 9001:2015 Certified
- Consistent and systematic processes to offer quality and tight tolerance required by our customers
- Dedicated Quality Room with Mitutoyo Crysta PM 574 CMM System, ultrasonic testing system, Master Gage optical comparator. All equipment is fully compliant with MIL-STD-45662A
- All of our inspection procedures comply with MIL-I-45208A and we offer AQL sampling, SPC Procedures and 100% inspection per the customer requirements
- Annual Internal, External and Client audits

Skills & Processes

- Over 50 years of experience manufacturing precision components for a wide variety of industries
- Processes in place to flow down DFAR's and FAR's to sub-tier suppliers
- Currently handling DPAS rated orders
- Excellent knowledge in choosing the right operations and the right tools to obtain the requested tolerance and finish
- Internal "value engineering review" ensuring that the right processes, best materials are selected to guarantee the quality expected by our client
- Our 6 Lathe and 3 Mill CNC machines allow us to manufacture short to medium productions volumes of a wide variety of parts, as well as prototypes, first off, and reverse engineered parts.
- Over 50 years in business means an extensive network of vendors allowing us to offer a complete finished parts with the same consistent quality

Skills & Processes (Cont.)

- Service a variety of Industries , including Defense, Maritime, Aerospace, Industrial, Agricultura, Entertainment, Electronic
- We work with most materials including:.
 - Aluminum
 - Ni 200
 - Magnesium
 - Kovar
 - Titanium
 - Copper including Beryllium
Copper
 - Brass
 - Steel and Stainless
 - Plastics
 - and more.

Customers

- L-3 Aviation Products
- L-3 Maritime
- Daniels Manufacturing
- Cubic Defense
- Adjuvo Technologies
- MDC Vacuum Products
- Honeywell Sensing & Control
- ICON Systems
- Ocean Optics
- Roush
- Servtronics
- Pump One
- Newer Spreader
- Eltec Instruments, Inc.
- Barcode Automation Inc.
- ACT, Inc.
- Orion Technologies
- Aquavations Corporation
