

MSFC Joint Counseling Session – Tuesday, November 14, 2023

Virtual Meeting

9:30a.m. – 10:30 a.m. (CST)

-Agenda-

At this session, Three small business Manufacturers will be featured:

Company Name and Website	Location	Classification	Core Competencies
Atec, Inc https://www.atec.com/	Stafford, TX	SB	Design, manufacture, and integration of complex test systems and quality critical components for the aerospace industry. Atec's in house capabilities include 9-axis CNC precision machining, large fabrications, electro-mechanical assembly and test, climate-controlled inspection for components requiring tight tolerances, for example, Atec designed and built high pressure test facility and cryogenic test facility, inspection via Coordinate Measuring Machines, Romer Arms, cleans rooms, and a tool calibration program
Parts Life Inc. https://www.partslifeinc.com/	Moorestown, NJ	SB, SDB	Advanced 3D Printing, Refurbishment, Repair & Modernization, Short-run Engineering, Obsolescence Resolution Engineering, Analysis & Testing, Additive Manufacturing, Program Management
AMG Engineering & Machining Inc. https://amgindy.com	Indianapolis, IN	SB, SDB, VOSB, SDVOSB	Engineering Design, Prototyping, Design for Manufacturing, Build-To-Print Manufacturing, SAR package preparation & technical documentation. Precision Machining—vertical/horizontal/Swiss/multi-spindle turning, 3/4/5 axis machining, flow control device/valve machining/manufacture, furnace brazing, wire EDM. Ultrasonic cleaning, hardness testing, CMM, Vision Inspection, kitting, mechanical assembly. machine fixtures, non-metallic 3-D printing, project management.

Meeting agenda as follows:

- 09:30 am Welcome/Introductions Nick Dugan, MPCSC Vice Chair
- 09:40 am Presentations & Questions
- Atec, Inc.
 Parts Life Inc.
 AMG Engineering & Machining Inc.
- 10:20 am Questions
- 10:30 am Adjourn
