

The background of the slide is a deep space scene. It features a dark blue and black sky filled with numerous bright stars of varying colors, including blue, white, and yellow. A prominent feature is a blue and purple nebula or galaxy structure on the left side. On the right side, a large, reddish-brown planet, likely Mars, is partially visible, showing its textured surface and some darker regions. The overall lighting is soft, highlighting the celestial bodies against the dark void of space.

Background

COMPANY NAME:	Bansbach	ADDRESS:	50 West Drive Melbourne FL 32940
OWNER:	Edgar Hahn Bansbach	CONTACT NAME:	Esteban Contreras (VP) Robert Rose (CEO)
EMAIL:	estebanc@easylift.com robertr@easylift.com	YEARS IN BUSINESS:	100 years (Germany) 20 Years (USA)
CAGE CODE:	5DZL5	DUNS NUMBER:	827489282
WEB SITE:	www.Bansbach.com www.damper.net www.easye.us	NAICS CODES:	333995

Bansbach Easylift

- Bansbach Easylift GmbH was founded in Germany in 1919 for stamping tools.
- Operating internationally for over 50 years in manufacturing high quality gas motion control devices

USA

GERMANY

DENMARK

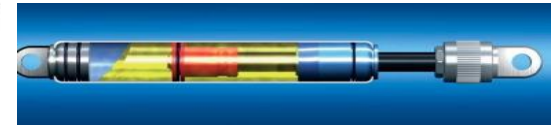

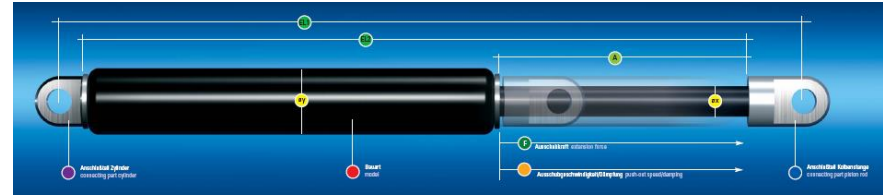

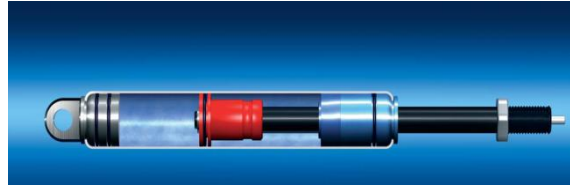

SWITZERLAND

SINGAPUR

Product Lines

- Aircraft Gas Springs
- Locking Gas Springs
- Traction Gas Springs
- Connecting Parts & Brackets
- Linear Hydraulic Systems
- Dampers
- Pneumatics
- Snubbers
- Dashpots
- Electric Actuators

Vertically Integrated Production

Quality Systems

Bansbach Easylift GmbH manufactures all product under ISO 9001:2000 Certification

Bansbach Easylift GmbH is also the only gas spring manufacturer world wide to be approved as a Production Organization and has the approval to build and certify aircraft parts when a DOA POA (Design Organization/ Production Organization) agreement is in place. **EASA “Part 21G” Form 1**

Free Engineering

Aerospace Production and Certification

- An Aerospace production line is in place with EASA Part 21G (Form 1) certification, which may be necessary for some projects.
- Examples of Quality & Environmental testing available:

Life Cycle

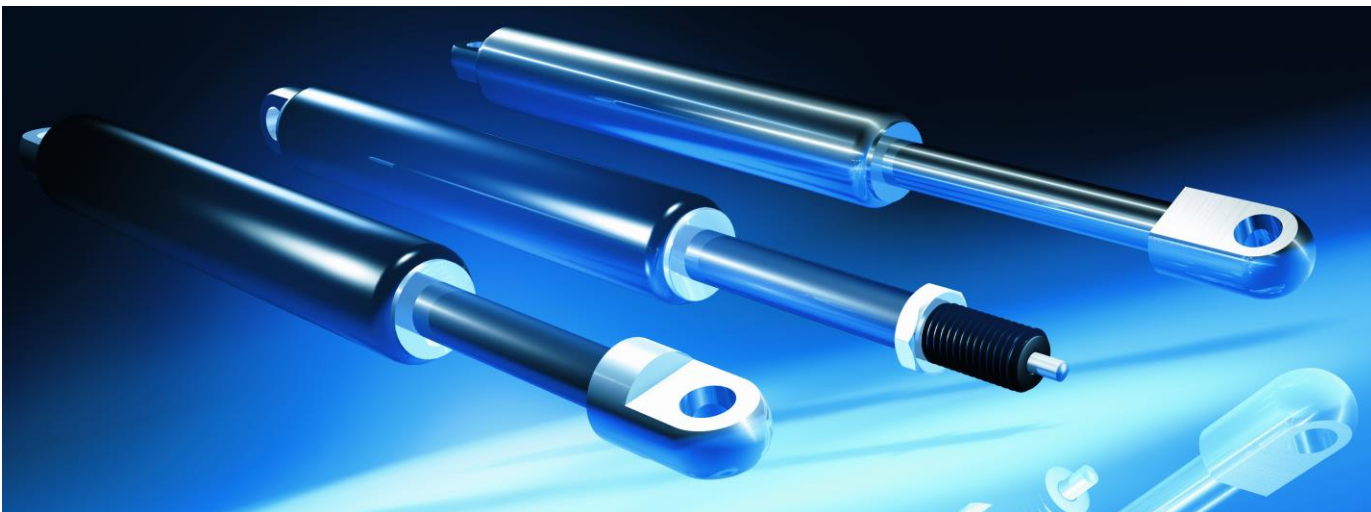

Salt Spray

Vibration

Extreme Temperature

Sand and Dust Exposure

Fluids Susceptibility

Applications:

Aircraft Example:
Boeing 787 Dreamliner
Cargo Door
Seats
Overhead bins

- **Landing Gear Gas springs**
- **Control surfaces**
- **Height Adjustment**
- **workstations**
- **Military Vehicles**
- **Injury Mitigation**
- **Medical Devices**
- **Payload Deployment**
- **Fairing separation**
