Cepeda

A cosmic background featuring a starry field, a blue nebula, a crescent moon, and a large reddish planet (Mars) on the right side.

Cortina

S O L U T I O N S

A vibrant space-themed background featuring a deep blue starfield with a prominent purple and blue nebula. A large, reddish-brown planet with surface details is visible on the right side. In the upper center, a smaller, greyish planet is shown. The overall scene is set against the blackness of space.

IGNITE

The background of the image is a deep space scene. It features a dark blue and black sky filled with numerous stars of varying brightness. A prominent feature is a bright, multi-colored nebula or star cluster in the upper left quadrant. In the lower right, a large, reddish-brown planet, likely Mars, is partially visible, showing its characteristic surface features. In the upper center, a smaller, dark planet or moon is visible. The overall atmosphere is that of a vast, star-filled universe.
